AUSTRALASIAN MINING
A TYPICAL GOLD MINE
"Odette"

LL7354

TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

By Appointment.

A Typical Gold Mine Australia supplies most of the gold of the world. The extraction of gold from its rocky matrix is often a complicated process, requiring as much machinery as a factory. The great dumpy of refuse and "tailings," towering poppet heads and chimney stacks, engine sheds and battery houses, make the surface workings of a big mine an impressive spectacle.

(For Address Only.)
